15 minutes	Children Arrive at Cottage
1 hour	Children go to the Gymnasium (or pool) for activities
30-45 minutes	Refreshments & Parent's choice of activities
15 minutes	Parent clean up and lock up

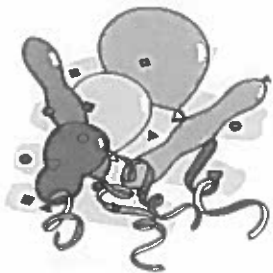

(In a Combo Swim & Gym party, children will do gymnastics first followed by swimming.
*Total length for the gym & swim would be about 80-90 minutes.)
**MEGA Gym Parties are in the gym about 15 minutes longer.

What to Bring: Parents should bring refreshments, cameras, paper plates and decorations if desired. Game prizes and party favors are permissible.

Swimming: The swimming will be free swim. The children will be instructed on the layout of the pool. **Any child attending swim parties must know how to swim or swim with an adult.** They will be also reminded of safety rules. *You are reminded that if the party is for a 4 or 5 year old, you must provide one assistant adult per 8 children in the pool.* Children should bring a swimming suit and towel. There is a changing area in the Cottage or in the main building.

Gymnastics: The gymnastics will be completely structured. There will be very little or no "free time" in the gym. We are aware that children who come to Crenshaws may be safe on the equipment, but those who are new to Crenshaws must be carefully watched. No exceptions here! Instruction will last about 45 minutes. (MEGA Parties are 60 minutes) Children will play games, jump trampoline, climb through an obstacle course and play in the "pit." Children should dress comfortably to be able to perform in the gym. Children will remove their shoes while in the gym.

Increased number of children: If parents reserve a party for a set number of children and more arrive which takes the party into a higher level, the higher base fee will be charged because of the additional wear and tear on the instructors. This includes the larger jump to the MEGA Gym party.
